

U.S. History/ Language Arts 11 Online Blended Class

A history class that counts for English credit too! What more could you want? How about adding **online blended-learning**, so you meet in smaller groups at the school less frequently? You can **pace your learning** so it works for you and you get more personalized feedback.

IN THIS COURSE YOU WILL...

- Gain competence in the state core standards for **both U.S. History and Language Arts 11**
- Read history materials that inform your language arts reading, doing **less overall reading**. This allows you to **delve more deeply and thoughtfully into fewer materials**.
- **Create projects** and **develop writing skills** that appeal to a variety of audiences. All major **projects will count for both your history and language arts standards**. This means **fewer overall assignments**.
- Receive **personalized feedback** on your assessments and projects from **two instructors**; this gives **depth and purpose** to your feedback and allows you to have **multiple perspectives so you are more certain to retain and understand information**; you will be able to **master skills more quickly**.
- **Attend class 6-9 times each quarter**. You will come in for introductory units, skills lessons, presentations, and one-on-one help.

HOW IT WORKS...

- You will be **enrolled in a full credit of language arts and a full credit of U.S. history**.
- Enrolling in the U.S. history blended learning course **automatically places you** in the language arts 11 blended learning class and vice-versa.
- You will **attend class for the first 3 weeks** of the school year so we can help you get set up and so that we can get to know you.
- You will be **expected to stay on top of your work** and **contact us with questions or areas of confusion**. This is an excellent opportunity for you to **flex your independence in a safe, guided, productive environment**.
