

# Peer Tutoring

It may be one of the best classes you will ever take.

If you enjoy working with others and want to help shape someone's future, then you will enjoy peer tutoring. Peer tutoring is a fun class where you get to work directly with students with neurological diversities. Come cultivate an enriched learning environment, and become a role model.

Help create an environment for someone to succeed

---

Have a lot of fun working with students with neurological diversities

---

Students helping students

---

Good attendance required

---

Be the lifeline to the joy of having and being a friend

You can make a difference each day.
